The Fernandez Hospital Educational and Research Foundation is thrilled to present the 2nd Annual Stillbirth Society of India Conference!

This pivotal gathering invites global experts to address the critical challenge of stillbirths, aiming to significantly reduce the rate to 10 per 1000 births by the year 2030.

Expect dynamic workshops and enlightening presentations from renowned faculty. This is a fantastic opportunity to gain knowledge, engage in meaningful dialogue, and connect with leaders in the field.

Stay tuned for more details!
